In der Au 29
 61440 Oberursel, Germany

Please note:

Tool kits will be physically evaluated once received at DMC Europe.

Evaluation process can take up to 10 business days to complete.

Once evaluated, a quotation will be sent with price and lead time.

DMC Europe will not begin any of the actual work without your approval and appropriate payment.

DMC Europe does not calibrate/repair or coordinate the calibration/repair of Non DMC tools.

A Certificate of Calibration (without readings) for the kit will be included with your repair.

Optional: If you require a Certificate of Calibration (COFC) with readings for all applicable DMC Crimp Tools/Dies/Gages, the cost is 75.00€ per tool and will be included in the quotation if required.

COFC's with readings required:

☐ YES ☐ NO

Please be sure to complete this form in its entirety and return with your Purchase Order including the fees stated above, and items for repair to:

Attn: Repair Services Department
DMC Europe
In der Au 29
61440 Oberursel - Germany
